Dear John:

Thank you for your April 10, 1992 letter enclosing the Rule 40 action in this case. In response to your inquiry, I believe it would be useful to conform the claims to the allowed and issued claims in the two United States counterpart cases. I believe that you have copies of the prosecutions, as well as the issued U.S. patents (Nos. 4,966,171 and 4,991,606), which should be all you need to accomplish the amendments, keeping in mind the genealogy of the Canadian claims as they derive from the U.S. claims in the two cases.

Please let me know if you need anything further.

Very truly yours,

JHI:bas
